

It's time to cast your ballot!

Hello,

Thank you for reading my eNewsletters. I see many more of you are able to visit my website as well. I'm glad I was able to connect with many of you over the phone. I enjoyed our conversations.

Following is a video step-by-step process for filling out the voting ballot for delegates to House District 14A. Some of you have already filled out the ballot. It is fairly easy and you may not need this tutorial, but here it is if you would like.

Even though we are in a very different time for campaigning, I have some ideas as I go forward and I am excited to see them through should I win the endorsement.

Have a good week. Peace.

Tami Calhoun

Thanks, Patrick, for this testimonial:

Months ago I was asked whom we should seek to be the 14A DFL candidate. Tami Calhoun came immediately to mind. Everything since has confirmed that I was right. Tami's decades-long experience as teacher and community activist aligns with what we need our legislators to care about. Her well-honed skill as a listener was evident in the candidate forum. Campaigning is hard work, and in this uncharted time will require imagination and innovation of a sort that Tami has practiced through her whole career. And perseverance is her motto. I will work to help Tami beat Tama.
